P R O P O S A L

FOR

DEVELOPMENT AND PRODUCTION OF KIT

25X1

This company proposes the development of one item of type and the development of twenty (20) kits of this item. It is proposed that this work be assigned as a Work Order on Task 1210-C-23.

25X1

The development work will consist of duplicating color, odor, and the making of four (4) master molds.

The kits will be as previously made under Task 1210-C-16.

The services of one technician and the part-time services of one engineer will be employed for the duration of the task, approximately three weeks.

A brief report will be issued at the conclusion of the task. A specification sheet will also be issued for attachment to the final report previously submitted under Task 1210-C-16.
